Transitional words

Write a short story or essay with three paragraphs. Use the list of common transitional words and phrases provided below.

List: first, next, in addition, on the other hand, finally, besides, while, initially, similarly, furthermore.

Use these transitional words and phrases to connect your paragraphs and create a cohesive flow in your writing. Think about how each transitional word or phrase helps to guide the reader from one idea to the next.

When you have finished writing, read your work aloud to a peer or adult and ask for feedback on how effectively you have used transitional words to link the paragraphs.
