

GEOGRAPHICAL FEATURES (TT)

Answer the following questions.

1. QUESTION

Match the following landform and the definition.

SORT ELEMENTS

Bay Peninsula Pond Reef Isthmus

A ridge of jagged rock, coral, or sand just above or below the surface of the sea.

A piece of land that extends into a body of water and is almost surrounded by water.

A small area of still, fresh water that is smaller than a lake but larger than a pool.

A body of water connected to an ocean or lake.

A narrow strip of land that connects two larger landmasses and separates two bodies of water.
