

# OBSERVABLE BODY PARTS 1

Name the observable body parts on a human being.

1. Match the number and the body parts.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**WRITE THE NUMBER FOR THE BODY PART.**

\_\_\_ hand

\_\_\_ arm

\_\_\_ eye

\_\_\_ hair

\_\_\_ foot

\_\_\_ nose

\_\_\_ ear

\_\_\_ mouth

\_\_\_ toe

\_\_\_ finger

\_\_\_ leg

2. Complete the passage below with a word from the list below so it shows the functions of observable body parts.

**List – eyes | ears | nose | mouth | hands | legs | feet | toenails | knees | toe | tongue | teeth | fingers**

I can smell the scent of baked cookies with my \_\_\_\_\_.

Mom put raisins in the cookies. When I put a cookie in my \_\_\_\_\_ I can taste it with my \_\_\_\_\_ I am glad I have \_\_\_\_\_ to chew these crunchy cookies.

I helped my mom prepare the cookies. I stood throughout the time. Now my \_\_\_\_\_ are really tired. I can barely bend my \_\_\_\_\_ when I walk.

My mom is also tired. So we are going to put our \_\_\_\_\_ in some cool water. Then, mom will clip my \_\_\_\_\_.

Oh! How I like to wiggle my \_\_\_\_\_ in the cool water while we soak our \_\_\_\_\_. Mom and I opened our book with our \_\_\_\_\_. We read with our \_\_\_\_\_. We can see. Some people cannot see, so they use their \_\_\_\_\_ to read.

My \_\_\_\_\_ moves while I read quietly. My mom enjoys reading as well. My \_\_\_\_\_ can hear her laugh when she reads something funny.
